JOINTS - Amazon S3

A joint is where two bones meet It is made up of: • Surfaces of the bones - these are covered by a thin layer of cartilage, a tough but slippery surface which allows the bones to move freely and cushions the joint • Joint capsule - this stops the bones moving too much and the inner surface produces thick fluid that lubricates the joint •

The ESSENE GOSPEL OF PEACE Book One

"The hardness of our bones is born of the bones of our Earthly Mother, of the rocks and of the stones They stand naked to the heavens on the tops of

mountains; are as giants that lie sleeping on the sides of the mountains, as idols set in the desert, and are hidden in the deepness of the earth

How to make your own Cards Against Humanity

1 Download this PDF and take it to your local print shop 2 Have the shop print out the game on heavy white cardstock (usually 80-pound or higher) Although the cards are black and white, you'll get a nicer result if you can convince them to use a color printer 3 For added fanciness, you can print black on the back of the question cards
